

After serving the Palm Beach area of Florida for many years, we're now serving Central Florida with another restaurant venture. Since opening our door to the public in the beginning of 2015, we've been serving many happy customers with our signature gyros and kebabs. We offer catering and over the phone reservations, as well as Uber EATS take out orders.

Our menu is Mediterranean, but we serve it in your style. We offer catering and over the phone reservations for takeout orders.

We accept all major credit cards.
